Applicant respectfully submits that it is believed that claims 1 through 175 as originally submitted are allowable for issuance as an U.S. Letters Patent. However, due to concerns of expedience, claims 1-175 are cancelled to expedite the issuance of an U.S. Patent at this time.

Applicant respectfully submits new claims 176 through 274. The new claims are rewritten versions of original claims 1 through 176. The new claims include eight independent claims: 176, 202, 206, 231, 235, 245, 255, and 265. New claim 235 is original claim 72 rewritten in independent form. The examiner acknowledged in the Office action that claim 72, in independent form, is in condition for allowance.

New claim 245 is original claim 74 rewritten in independent form. The examiner acknowledged in the Office action that claim 74, in independent form, is in condition for allowance.

New claim 255 is original claim 127 rewritten in independent form. The examiner acknowledged in the Office action that claim 127, in independent form, is in condition for allowance.

New claim 265 is original claim 128 rewritten in independent form. The examiner acknowledged in the Office action that claim 128, in independent form, is in condition for allowance.

Applicant respectfully submits that new claims 176 through 274 are in condition for allowance. It is requested that examiner withdraw the rejections and mail a Notice of Allowance for claims 176 through 274.

Respectfully submitted,
